

BuzzTravel Income Disclaimer

The BuzzTravel Compensation Plan is an exciting opportunity that rewards you for selling our travel products, and for sponsoring other participants who choose to do the same. Although the opportunity is unlimited, individual results of BuzzTravel affiliates will vary depending on market conditions, commitment levels and sales skills of the individual. The full income disclaimer will be available when BuzzTravel opens for business.

Since the Company has recently launched, it lacks enough statistical data to prepare a more robust and reliable income disclosure. The numbers below reflect **estimates** prepared by the company pending a more detailed survey to be conducted after its first year. Based on industry standards and company projections, the average annual gross revenue for Affiliates is projected to be anywhere between **\$500 and \$2,000**. These numbers do not reflect the expenses associated with building a BuzzTravel business, which could exceed the commissions received.

There will certainly be Affiliates who will earn less while others will earn much more. We're excited about the Company Compensation Plan and we're confident it will provide you a solid foundation to help you achieve your financial goals.

If income projections were presented to you prior to your enrollment, such projections are not necessarily representative of the income, if any, that you can or will earn through your participation in the Compensation Plan. These income projections should not be considered as guarantees or projections of your actual earnings or profits. Success with BuzzTravel, results only from hard work, dedication, and leadership.
